

Your East Coast Trail Membership will expire on March 31, 2008

Please take time to complete and mail your renewal and ask a friend to join. The annual cost of membership is \$25.00 per year for an individual membership or \$100.00 per year for a business membership. The value of your membership is priceless...

A coastline that is free, open & available to all.

What is the Value to you?

- We are building and maintaining a trail that provides access and information to safely experience the raw, natural beauty of the East Coast Trail.
- We are developing a recreational and tourism resource that fuels the economies and health of our rural communities.
- We are creating and maintaining a reusable resource for present and future generations as long as we care for and protect it.

Coastal preservation and access

Public access should not be taken for granted, it should not be allowed to disappear one transaction at a time. The East Coast Trail Association offers the opportunity for you to get involved and make a difference.

- The East Coast Trail is the only organization that is actively working to protect and preserve our provincial coastline.
- The association is working with provincial partners to ensure protection of access and preservation of already threatened coastal lands.

How members make a difference?

- Members supply the volunteer skills, expertise and the gift of their time.
- The size and health of our membership is used by the province and by funding agencies as a critical measure of our success.
- Our members provide the voice within our communities to address the challenges and influence the changes required to build a 540 km. trail.
- Your membership fees provide the assurance that we will have the cash and the members required to support our work plan for the coming year.
- Your fees are required to buy wood, nails, tools etc., and to provide office resources

Don't forget us...renew today...the Trail's survival requires your support.. Together we will succeed in preserving and protecting our coastline for ourselves and future generations.

Randy Murphy
President, East Coast Trail Association
